

NG - Legs stand for ZK

HOME > KATEGORIE > NG - LEGS STAND FOR ZK

It is used for configuration of ZK-based enclosures to portable Construction Site Enclosures. Depending on the width of the enclosure the dimension of the central reinforcement bar changes. The reinforcement bar is used for mounting sockets and legs of the enclosure in a set. A standard leg height is 400 mm.

Legs stand is made of 2 mm thick steel sheet and 1 mm thick reinforcement bar, all powder painted on RAL7035_GS.
