

PU - Universal mounting plate for RSA, SZA, RSB, SZB, RR

HOME > KATEGORIE > INTERNAL BUILDING SYSTEMS > PU - UNIVERSAL MOUNTING PLATE FOR RSA, SZA, RSB, SZB, RR

Universal mounting plate is used in enclosures where electrical apparatus is mounted on various depths or heights. Universal plates are partial mounting plates. In RSA and SZA enclosures it must be mounted on BPA - Vertical Metric Beams (p. 100) and on WRG - Depth Adjustment Brackets (p. 132). Whereas in RSB, SZB and RR enclosures it must be mounted on BPB - Vertical Metric Beam (p. 101). These elements are attached to the internal perforated support elements. Universal mounting plate is made of 2 mm thick galvanized steel sheet.
